## Nebraska Senator's Hemisphere Interest

Sen. Edward Zorinsky, D-Neb., was very much the life of the evening Friday at Dominican Ambassador Enriquillo de Rosario's dinner for Undersecretary of State and Mrs. William B. Owdler. Zorinsky is fast emerging as a champion of South and Central America.

Zorinsky is planning a trip to the troubled Central American countries of El Salvador and Guatemala. He recalls a trip to Nicaragua shortly before the Sandanistas took over. "It was like a James Bond movie," he commented. "We traveled in a caravan of cars. I rode in an armored car that could eject smoke screens. The CIA rode in a big limousine flying the flag and everyone assumed we were in that car."

After dinner, guests took to the dance floor for Dominican music and dancing.
